DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 6, 10, 11, 13, 14, 17 and 18 are rejected under 35 U.S.C. 102(b) as being anticipated by Wetzel et al., U.S. 4,541,486.

Regarding claim 1, 6, 10, 11, 13, 14, 17 and 18, Wetzel et al. discloses running string (2) having a perforating gun (5), pressurizing the string at a first static pressure in order to actuate the gun (col. 7, lines 25-40), pressurizing the string to a second pressure (col. 9, line 50 – col. 10, line 2) uncovering an injection port (103) below burst plugged port (105) to remove debris; and including an uphole injection port (102) and lowering the string and injection ports (col. 7, lines 53-62).

Allowable Subject Matter

Claims 2-5, 7-9, 12, 15, 16 and 19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
